Administration, Definitions, and General Provisions

Part I
Section 1 - Administration

1.0 Administration

1.1 Title of By-law

This By-law may be cited as the “Corporation of the Township of Selwyn Comprehensive Zoning By-law”.

1.2 Zoning Administration

This By-law shall be administered by a person appointed by the Council of the Township as the Chief Building Official.

- a) In the development of this by-law, every effort is made to ensure clarity and accuracy. This By-law is a complex and detailed document, and inadvertent inconsistencies and errors may have occurred in its development. Notwithstanding any other provisions of this By-law, corrections of technical errors (as defined in Section 2 of this by-law) may be made to this By-law without formal amendment under the Planning Act and will not require public notification.

1.2.1 Lands Subject to By-law

The provisions of this By-law shall apply to all those lands lying within the Corporate limits of the Township of Selwyn.

1.2.2 Conformity with By-law

No building or structure shall hereafter be erected or altered, nor shall the use of any building, structure or lot hereafter be altered, in whole or in part, except in conformity with the provisions of this By-law.

1.2.3 Existing Uses Continued

Nothing in this By-law shall apply to prevent the use of any existing lot, building, or structure for any purpose prohibited by this By-law if such lot, building, or structure was lawfully used for such purpose or was lawfully in existence prior to the passing of this By-law, so long as it continues to be used for that purpose.

Part I
Section 1 - Administration

1.2.4 Plans Approved Prior to By-law

Nothing in this By-law shall prevent the erection or use of any building or structure that does not comply with one or more of the provisions of this By-law, if the plan for such building or structure were approved by the Corporation and a building permit was issued prior to the date of passing of this By-law, and was not subsequently revoked, provided that:

- a) when such a building or structure is erected, it shall be used and shall continue to be used only for the same purpose for which said building or structure was intended when such building permit was issued and shall not be altered in any way except in conformity with the provisions of this By-law; and,
- b) the erection of such building is commenced within 6 months of the issuance of any such building permit and is completed within 24 months of the erection thereof is commenced.

1.2.5 Compliance with Other Restrictions

This By-law shall not be construed so as to reduce, permit, or mitigate any restrictions or regulations lawfully imposed by the Corporate or by any governmental authority having jurisdiction to make such restrictions or regulations.

1.3 Existing By-laws

All By-laws in force within the Corporation regulating the use of lands and the character, location, bulk, height and use of buildings and structures are amended insofar only as it is necessary to give effect to the provisions of this By-law and the provisions of this By-law shall govern unless otherwise specified.

1.4 Repeal of Existing Zoning By-laws

By-law No. 1971-17 as amended of the Corporation of the Township of Smith is hereby repealed.

By-law No. 37-1988 as amended of the Corporation of the Township of Ennismore is hereby repealed.

By-law No. 96-62 as amended of the Corporation of the Village of Lakefield is hereby repealed.

Part I
Section 1 - Administration

1.5 Validity

If any section, clause or provision of this By-law, including anything contained on the schedules attached hereto, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of this By-law as a whole or any part thereof other than the section, clause, or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses or provisions of this By-law shall remain in full force and take effect until repealed, notwithstanding that one or more provisions thereof shall have been declared to be invalid.

1.6 Issuance of Building Permits

Where land is proposed to be used or a building or structure is proposed to be erected or used in violation of this By-law, no permit or licence required under any By-law of the Corporation for the use of the land or for the erection or the use of the building or structure shall be issued.

1.7 Applications for Building Permits

In addition to the requirements of the Building Code Act, the Corporation's Building By-law or any other By-law of the Corporation, every application for a building permit shall be accompanied by certified plans (which depending upon the nature and location of the work to be undertaken may be required, by the Corporation, to be based upon an actual survey prepared by an Ontario Land Surveyor, drawn to an appropriate scale and showing the following:

- a) the true shape and dimensions of the lot to be used or upon which it is proposed to erect any building or structure;
- b) the proposed location, height and dimensions of the building, structure or work in respect of which the permit is being applied for;
- c) the location of every building or structure already erected or partly erected on such lot;
- d) the proposed locations and dimensions of yards, landscaped open spaces, parking areas, and loading spaces required by this By-law;
- e) the proposed grading or change in elevation or contour of the land and the proposed method for the disposal of storm and surface water from the land and from any building or structures thereon; and,

Part I
Section 1 - Administration

- f) a written statement signed by the owner or his agent duly authorized, filed with the Chief Building Official, which statement shall set forth in detail the intended use of each building and structure or part thereof and giving all information necessary to determine whether or not every such building or structure conforms with the regulations of this By-law.
- g) In addition to the above requirements, every application which involves the installation, enlargement, or reconstruction of a well or a sewage disposal system shall be accompanied by approval in writing from the appropriate responsible authority for the proposed well or method of sewage disposal.

1.8 Inspection of Land or Buildings

- a) Where the Chief Building Official has reason to believe that any person has used land or used a building or structure contrary to this By-law, he/she, or an employee of the Corporation authorized by him/her may, at any reasonable hour, enter and inspect the land, building or structure.
- b) Notwithstanding Clause (a) of this Subsection, no officer or employee of the Corporation shall enter any room or place actually being used as a dwelling unit or part thereof without the consent of the occupier, except under the authority of a search warrant issued under the Provincial Offences Act, R.S.O. 1990 c.P.33, S.158, or any successor thereto.

1.9 Occupation of Buildings

Occupation of all new buildings and converted dwellings shall require a Certificate of Occupancy from the municipal Building Department in accordance with the Building Code Act and any other municipal By-laws.

- d) that no portion of a guest room is located within a basement;
- e) that no portion of a guest room contains facilities for the preparation of meals;
- f) that a license has been obtained from the Corporation of the Township of Smith-Ennismore-Lakefield in accordance with the normal requirements of the Township; and,
- g) that all other provisions of this By-law shall apply and be complied with.

3.5 Daylight Triangles

Unless otherwise specified in this By-law, on a corner lot, within the triangular space formed by the street lines and a line drawn from a point in one street line to a point in the other street line, each point being measured 9 m along the street lines from the point of intersection of the street lines, no building or structure which would obstruct the vision of drivers of motor vehicles shall be erected and no trees, shrubs, hedges, fences or walls shall be planted, erected or maintained of greater height than 1 m above the centre line of

Part I
Section 3 – General Provisions

the adjacent road at the lowest point. Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the tangents to the street lines.

3.6 Drive Through Uses

A drive through use shall comply with the following:

- a) a drive through use in a commercial zone shall have a minimum of 30 m of frontage;
- b) electronic devices such as loudspeakers, automobile service order devices, car speakers, and similar instruments shall not be located in the side yard of a drive-through use, where that side yard or rear yard abuts a residential zone or use; and,
- c) the exterior lights used for illumination of a drive-through shall be so arranged as to divert the light away from adjacent residential zone or use lots and streets.

3.7 Established Building Line

Notwithstanding the provisions of the By-law to the contrary, Section 3.15 excepted, where a building, structure, or accessory use thereto is to be erected in a built-up area where there is an established building line, such dwelling or accessory use is not to be erected closer to the street line or to the centre line of the road or street, as the case may be, than the average setback from the street line or centre line of the existing buildings on one side of the block where more than one-half of the frontage of the said side of the block has been built upon.

3.8 Fences

No fence exceeding a maximum height of 1.8 m shall be erected in an urban area, except that:

- a) a fence in excess of 1.8 m in height may be erected for a public use or where provincial/federal regulations require a fence to be erected in excess of 1.8 m; and,
- b) fences erected for the purposes of providing a buffer between sensitive land uses and industrial or commercial uses shall be a minimum of 2.4 m in height and constructed of a double thickness of fencing material to ensure maximum

Part I
Section 3 – General Provisions

absorption of noise, vibration and dust.

3.9 Flooding Hazard, Lands Prone To

Development, as defined by the Provincial Policy Statement, is not generally permitted within any lands prone to flooding adjacent to any river, stream or lake within the Township of Selwyn.

3.10 Frontage on a Public Street

No person shall erect any building or structure in any zone, except in the Lakeshore Residential (LR) Zone and in the Rural Residential (RR) Zone, unless the lot upon which such building or structure is to be erected fronts upon a public street. For the purposes of this By-law a street does not include an unopened road allowance, a lane, or an unassumed road on a Registered Plan, which has been deemed not to be a Registered Plan under the Planning Act, R.S.O 1990, c. P.13.

3.11 Frontage on an Unassumed Road

Notwithstanding the provisions of Section 3.10 hereof to the contrary, the provisions of this By-law shall not apply to prevent the erection of a permitted building or structure on a lot in a Registered Plan of Subdivision where a subdivision agreement has been entered into with the Municipal Corporation and registered against the lands where under the street or streets will not be assumed by the Township until such time as specified in the said agreement.

3.12 Garden Suites

A garden suite is only permitted by means of a site-specific Temporary Use Zoning By-law, approved in accordance with Section 39.1 of the Planning Act. Where a garden suite is permitted by temporary zoning, the following provisions apply:

- a) only one garden suite is permitted per lot;
- b) the garden suite must be on the same lot as a principal residential use building;
- c) the principal residential use building must be either a single detached dwelling, or a semi-detached dwelling;
- d) the garden suite must comply with the Additional Provisions for Garden Suites set out in Section 3.12.1;
- e) despite subsection 3.12.1, these provisions may be varied on a site-specific

Part I
Section 3 – General Provisions

basis through the Temporary Zoning By-law;

- f) Subsection 3.12.1 does not preclude both units of a semi-detached dwelling from having a garden suite.
- g) The development of a garden suite on a residential lot shall not result in the creation of a planned unit development;
- h) Council may require the owners of the suite or any other person to enter into an agreement with the municipality to address such matters as:
 - i) the installation, maintenance and removal of the suite;
 - ii) the period of occupancy of the garden suite by any person named in the agreement; and,
 - iii) monetary or other security required by the Council for monetary or other costs to the municipality related to the garden suite.

3.12.1 Additional Provisions for Garden Suites

a) Number of garden suites per lot (Maximum)	one
b) Building Height (Maximum)	4.5 m
c) Permitted Location	rear yard
d) Side Yard Setback (Minimum)	same as principal building
e) Rear Yard Setback (Minimum)	2.3 m
f) Lot Coverage (Maximum)	35% of the area of the rear yard
g) Separation Of Buildings (Minimum)	1.2 m
h) Floor Area (Maximum)	65% of the gross floor area of the principal building on the lot
g) Additional Driveway	not permitted
h) Additional Parking	none required

Part I
Section 3 – General Provisions

For the purposes of this Section, the rear yard area shall be measured from the exterior wall of the principal dwelling closest to the rear lot line, to the rear lot line. A garden suite is not included in the calculation of any other maximum lot overage requirements.

3.13 Group Homes

Notwithstanding any other provision of this By-law to the contrary, where a group home is a permitted use within a Rural (RU), Rural Residential (RR) or Residential Type One (R1) Zone as set forth under this By-law, no group home shall be located within 1,000 m of another group home facility provided further that all other relevant provisions of this By-law are complied with.

3.14 Height Exceptions

Notwithstanding the height provisions herein contained, nothing in this By-law shall apply to prevent the erection, alteration or use of the following accessory buildings or structures provided the principal use is a use permitted within the zone in which it is located: a church spire, belfry, flag pole, light standard, clock tower, barn, silo, chimney, water tank, windmill, radio or television antenna, air conditioner duct, incidental equipment required for processing and external equipment associated with internal building equipment.

3.15 High Water Mark - Setback Provisions

All new development and sewage system leaching beds shall be setback at least 30 metres from the ordinary high-water marks of all waterbodies.

3.15.1 Permitted Exceptions

Notwithstanding anything in this Section to the contrary, structures such as pump houses, boat houses, docks, open decks and stairs shall be a permitted use and may encroach into the 30 m setback without a Minor Variance provided that the property owner can demonstrate to the Township's satisfaction and, if appropriate, the authority having jurisdiction over the waterway, that it does not negatively affect the waterfront environment.

Structures that legally existed as of the date Official Plan Amendment No. 3 came into effect (October 22, 2008) that do not comply with the required setback provision that require replacement due to structural defects or destruction by fire or other natural causes or by permitted demolition will be permitted to be replaced on the same footprint, without a minor variance and may only be enlarged in accordance with the provisions of this By-law and where the enlargement does not further encroach into the 30 m setback.

Part I
Section 3 – General Provisions

Sewage system leaching beds, septic system pumping chambers, and holding tanks requiring replacement due to structural damage or malfunction should be setback a minimum of 30 m from the high-water mark if possible or to the greatest setback that is achievable to the satisfaction of the Peterborough County-City Health Unit. Due to their importance to ensuring public health and/or safety, a Minor Variance will not be required in the case where the replacing leaching beds must be located within the 30 m setback.

3.15.2 Vacant Lots of Record

Vacant lots of record shall attempt to have structures and septic systems setback a minimum of 30 m from the high-water mark. Where it is not possible to achieve the 30 m setback, then new buildings and structures shall be setback as far as possible from the high-water mark. In this regard, a Minor Variance for a reduced setback for the existing vacant lots may be permitted provided that the variance maintains the intent of the Zoning By-law, is minor in nature, maintains the intent of the Official Plan regarding environmental objectives and is desirable and appropriate for the area.

3.15.3 Existing Structures

Minor Variances or Zoning changes to accommodate proposed expansions of a structurally-permanent nature to existing structures and/or septic systems that further reduce the 30 m high water setback shall not be permitted unless it is a matter of public health and/or safety.

3.16 Home Industry

Home Industries are categorized as Type 'A' and Type 'B' Home Industries. Home Industries Type 'A' and Type 'B' are permitted in the zones as indicated in this By-law in accordance with the following provisions:

- a) There is no open storage of goods or materials.
- b) There is no display, other than a sign of a maximum size of 0.5 sq. m to indicate to persons outside, that any part of the dwelling or accessory building is being used for a purpose other than residential. Furthermore, such a sign shall be set back a minimum of 3 m from any lot line.
- c) The home industry is clearly secondary to the main residential use and does not change the residential character of the dwelling nor create or become a public nuisance; in particular in regard to noise, noxious odours, emission of smoke, traffic or parking.

Part I
Section 3 – General Provisions

- d) Where an interior side yard and/or rear yard abuts a residential zone, then such interior side yard and/or rear yard shall be a minimum of 15 m. This 15 m area shall be maintained in an open space condition and the open storage of goods or materials shall not be permitted within this 15 m area.
- e) The home industry does not interfere with television or radio reception.
- f) There are no goods, wares or merchandise, publicly offered or exposed for sale on the premises outside of any buildings.
- g) Off-street parking is provided in accordance with Section 3.29.

3.16.1 Additional Provisions for Type ‘A’ Home Industries

Type ‘A’ Home Industries shall include craft shops, custom workshops, service shops and similar type uses and associated retail sales in accordance with the following provisions:

- a) Any accessory structure used for a Type ‘A’ Home Industry shall not exceed 39 sq. m
- b) Not more than 1 non-resident shall be permitted to be employed on the lot.

3.16.2 Additional Provisions for Type ‘B’ Home Industries

Type ‘B’ Home Industries shall include craft shops, custom workshops, service shops, machine shops, welding shops, workshops and other similar type uses and associated retail sales in accordance with the following:

- a) Any accessory structure used for a Type ‘B’ home industry shall not exceed 50 sq. m.
- b) Not more than 1 non-resident shall be permitted to be employed on the lot.
- c) The minimum lot size for a Type ‘B’ home industry shall be 2 ha.
- d) One commercial vehicle associated with the home industry is permitted.
- e) Where an interior side yard and/or rear yard abuts any residential zone, then such interior side yard and/or rear yard shall be a minimum of 30 m a planting strip in accordance with Section 3.35 of this By-law shall be maintained in an open space condition and the open storage of goods or materials shall not be permitted within this area.

Part I
Section 3 – General Provisions

3.17 Home Occupations

Home Occupations are categorized as Type 'A' and Type 'B' Home Occupations. Home Occupations are permitted in the zones as indicated in this By-law in accordance with the following provisions:

- a) There is no display, other than a sign of a maximum size of 0.5 sq. m to indicate to persons outside that any part of the dwelling is being used for a purpose other than residential. Furthermore, such a sign shall be setback a minimum of 3 m from any lot line.
- b) Such home occupation is clearly secondary to the main residential use and does not change the residential character of the dwelling nor create or become a public nuisance; in particular, in regard to noise, obnoxious odours, emission of smoke, traffic or parking.
- c) Such home occupation does not interfere with television or radio reception.
- d) Not more than 25% of the gross floor area of the dwelling is used for the purposes of home occupation uses except in the case of a bed and breakfast establishment in which situation the provisions of subsection 3.4 shall apply.

3.17.1 Additional Provisions for Type 'A' Home Occupations

Type 'A' Home Occupations shall be conducted entirely within the principal residence and shall be limited to administrative office type uses only.

3.17.2 Additional Provisions for Type 'B' Home Occupations

Type 'B' Home Occupations shall be conducted entirely within the principal residence and shall be limited to: personal service occupations; medical occupations; instructional activities such as teaching of arts, crafts, music, fitness and/or academic subjects, and is limited to five (5) students at any one time; day nurseries limited to five (5) children; doctors and dentists offices. Type 'B' Home Occupations shall not include a kennel, or a veterinarian office.

Type 'B' Home Occupations may employ one (1) person in addition to persons residing in the residence.

Further is must be demonstrated that parking for five (5) vehicles over and above those required by the respective zone can be accommodated on site (i.e. surfaced driveway) and that no parking shall be permitted on any public road in relation to the home occupation.

Part I
Section 3 – General Provisions

3.18 Ingress and Egress Regulations

Except as may otherwise be provided for herein, the following provisions shall apply to ingress and egress driveways, namely:

- a) Ingress and egress to and from the required parking spaces and areas shall be provided by means of unobstructed driveways or passageways at least 3 m but not more than 9 m in perpendicular width.
- b) The maximum width of any joint ingress and egress driveway ramp measured along the street line shall be 9 m.
- c) The minimum distance between any two driveways on one lot, or, between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 9 m.
- d) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- e) Every lot shall be limited to the following number of driveways, namely:
 - i) up to the first 15 m of lot frontage, not more than one driveway;
 - ii) greater than 15 m of lot frontage but less than 30 m of frontage, not more than two driveways with a combined width not exceeding 30% of the lot frontage; and,
 - iii) for each additional 30 m of frontage, not more than one additional driveway.
- f) Ingress and egress to and from parking aisles shall be provided by a sufficient number of adequate, unobstructed driveways having a minimum width of 6 m, except that in the case of a single detached dwelling, the width may be reduced to 3.5 m.
- g) In all cases where ingress and egress driveways or walks extend through a Planting Strip, it shall be permissible to interrupt the strip within 3 m of the edge of such driveway or within 1.5 m of the edge of such walk.

3.19 Ingress and Egress Regulations - Retail Gasoline Establishments

Notwithstanding any other provision set forth in this By-law to the contrary, the following provisions shall apply to ingress and egress driveways established in conjunction with a motor vehicle dealership, a motor vehicle gasoline bar, a motor vehicle repair garage or motor vehicle service centre where gasoline is offered or kept for sale at retail, namely:

Part I
Section 3 – General Provisions

- a) the maximum width of a driveway measured along the street line shall be 9 m;
- b) the minimum distance between driveways, measured along the street line intersected by such driveway, shall be 9 m;
- c) the minimum distance between a driveway and in intersection of street lines, measured along the street line intersected by such driveway, shall be 9 m;
- d) the minimum distance between an interior side lot line and any driveway shall be 3 m; and,
- e) the interior angle formed between the street line and the centreline of any driveway shall not be less than 45 degrees.

3.20 Kennels

Kennels shall be separated from a residential zone or use by a minimum of 100 m and shall only be permitted in accordance with the following provisions:

- a) No more than 12 dogs over the age of 4 months shall be kept in the kennels.
- b) No kennel shall be erected within 45 m of the lot line of adjacent lands held in separate and distinct ownership.
- c) Enclosed exercise areas or runs shall be provided.
- d) A minimum of 9.3 sq. m of space outside of the dwelling unit shall be provided for each animal.
- e) Where a kennel existed as of the date of passing of this By-law which does not comply with the foregoing setback or yard requirements, such kennel shall not be extended, enlarged, reconstructed or altered if the effect of such extension, enlargement, reconstruction or alteration thereof is to further reduce or encroach on the setback, yard or yards that is or are less than required.

3.21 Lakeshore Constraint Area

In all shoreline areas adjacent to lakes within the Municipality, a lakeshore constraint area has been identified. This area is intended to identify and protect sensitive shorelands and to ensure that development does not occur in areas subject to flooding and/or erosion and to ensure maintenance of water quality and the protection of fish and wildlife habitats.

Part I
Section 3 – General Provisions

Prior to the issuance of a building permit on all lands located within the Lakeshore Constraint Area, the landowner must provide confirmation by way of a letter or permit from the Otonabee Region Conservation Authority that all potential impacts to natural hazard features including flooding, erosion and the hydrological function of wetlands have been addressed.

3.22 Lands Severed By Public Utility Lines

Where lands are acquired for the purpose of a public utility line and such acquisition deprives a parcel of land of street frontage, the part of such parcel so deprived of street frontage shall be deemed for the purpose of this By-law to have frontage on such street providing the land has a permanent right of access to such street.

3.23 Limitations for Residential Development

3.23.1 Limited Service Residential Development – Access

Lot creation of lands located on private roads or with water access only shall not be permitted. Seasonal residential development that is proposed on an existing lot of record located on a private road or with water access only shall only be permitted where legal access to the lot has been proven, to the satisfaction of the Township.

3.23.2 Limited Services Residential Development – Water and Wastewater

Multi-unit residential development including duplex dwellings, semi-detached dwellings, townhouse dwellings, street front townhouse dwellings and apartment dwellings shall only be permitted within areas where municipal water and wastewater services are available, unless it has been demonstrated to the satisfaction of the Township that adequate on-site services are available.

Where it has been demonstrated to the satisfaction of the Township that adequate on-site services are available, a site-specific amendment to this By-law shall be required to permit the development.

3.24 Loading Space Requirements

Loading or unloading spaces are required under this By-law and the owner of every building or structure, exclusive of agricultural buildings and structures, erected for any purpose involving the receiving, shipping, loading or unloading of animals, goods, wares,

Part I
Section 3 – General Provisions

merchandise or raw materials shall provide and maintain on the lot loading and unloading spaces accordingly.

Gross Floor Area of Building	No. of Loading Spaces
a) Up to 280 sq. m	1
b) 280 sq. m – 930 sq. m	2
c) Greater than 930 sq. m	2 plus a minimum of 1 additional loading space for each 1400 sq. m or fraction thereof in excess of 930 sq. m
<ul style="list-style-type: none"> i) Each loading space shall be at least 9 m long, 3.5 m wide and have a vertical clearance of at least 4 m. ii) The required loading spaces shall be provided on the lot occupied by the building or structure for which the said loading spaces are required and shall not form a part of any street or lane. iii) For any commercial or industrial use, no loading space or part thereof shall be located and no land shall be used for loading purposes within 1.5 m of any lot line, or within 3 m of any street line or boundary of any residential zone, or within 3 m of the lot line of a residential use. iv) Access to loading spaces shall be by means of a driveway at least 6 m wide contained within the lot on which the spaces are located and leading to a street or lane located within or adjoining the zone in which the use is located. v) The driveways, loading spaces, and turning areas shall be maintained with a stable surface, which is treated so as to prevent the raising of dust or loose particles. vi) The loading requirements referred to herein shall not apply to any building in existence at the date of enactment of this By-law so long as the gross floor area as it existed at the date is not increased. If an addition is made, then additional loading spaces shall be provided up to the number required for such addition. vii) Loading spaces for cannabis analytical testing facilities, cannabis 	

Part I
Section 3 – General Provisions

cultivation – indoor, cannabis drug production facilities, cannabis processing facilities and cannabis research facilities shall be located entirely within the main building on the lot.

3.24.1 Access

Access to loading or unloading spaces shall be by means of a driveway at least 6 m in width contained on the lot on which the spaces are located and leading to an improved public street as defined herein.

3.24.2 Additions to or Changes in Use of Existing Buildings

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the gross floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the gross floor area, then additional loading spaces shall be provided in accordance with Subsection 3.24 hereof and in accordance with the provisions of Section 3.29 for such addition.

3.24.3 Loading Space Surface

Driveways, loading and unloading spaces, and, related aisles and turning areas shall be maintained with a stable surface which is treated so as to prevent the raising of dust. Such loading and unloading facilities shall, before being used, be constructed of crushed stone, gravel, asphalt, concrete or similar material and shall include provisions for drainage facilities.

3.24.4 Location

The loading space or spaces required herein shall be located in the interior side or rear yard unless such space or spaces are removed from the street line a minimum distance of 15 m.

3.25 Mobile Home Parks Prohibited

The establishment of mobile home parks shall be prohibited within the area covered by this By-law, save and except where such parks are specifically permitted.

3.26 Modular Homes

A modular home shall be permitted in any residential zone. A building permit is required to erect a modular home.

Part I
Section 3 – General Provisions

3.27 Non-Complying Buildings, Structures and Lots

3.27.1 Building on Existing Lots

Where a building has been lawfully erected prior to the date of the passing of this By-law on a lot having less than the minimum frontage and/or area, or having less than the minimum front yard, side yard, rear yard or usable open space required by this By-law, the said building may be enlarged, reconstructed, repaired or renovated provided said enlargement, reconstruction, repair or renovation does not serve to further reduce a required yard or required usable open space and provided all other provisions of this By-law are complied with.

3.27.2 Existing Undersized Lots

Where a lot having a lesser lot area and/or lot frontage than that required herein is held under distinct and separate ownership from abutting lots, as shown by a registered conveyance in the records of the Registry or Land Titles Office on the date of passing of this By-law, or where such a lot is created as a result of an expropriation, the smaller lot may be used and a building or structure may be erected, altered or used on the smaller lot, provided that an adequate supply of potable water is available to service the proposed use, provided such erection, alteration or use does not contravene any other provisions of this By-law and provided that all relevant requirements of the appropriate authority are complied with.

3.27.3 Floor Area Less Than Required

Nothing in this By-law shall prevent an extension or an addition being made to a permitted dwelling, which existed at the time of passing of this By-law but which has a gross floor area or dwelling unit area less than required by this By-law, provided such extension or addition does not contravene any other provision of this By-law.

3.28 Non-Conforming Uses

3.28.1 Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure, the plans for which have prior to the passing of this By-law been approved and a permit issued by the municipality's Chief Building Official so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided that the erection of such a

Part I
Section 3 – General Provisions

building or structure is commenced within one year after the day of the passing of this By-law and the building or structure is completed within a reasonable time after the erection thereof is commenced.

3.28.2 Continuation of Existing Uses

The provisions of this By-law shall not apply to prevent the use of any lot, building, or structure for any purpose prohibited by this By-law if such lot, building, or structure was lawfully used for such purpose on the day of passing of this By-law, so long as it continues to be used for that purpose. Livestock may be reintroduced to legal non-conforming livestock facilities in the Rural (RU) Zone that have not continuously housed livestock prior to the passing of this By-law.

3.28.3 Permitted Exterior Extension

The exterior of any building or structure, which building or structure at the date of passing of this By-law was lawfully used for a purpose not permissible within the zone in which it is located, shall not be enlarged, extended, reconstructed or otherwise structurally altered, unless such building or structure is thereafter to be used for the purpose permitted within such zone and complies with all requirements of this By-law for such zone.

3.28.4 Permitted Interior Alteration

The interior of any building or structure, which building or structure at the date of passing of this By-law was lawfully used for a purpose not permitted within the zone in which such building or structure is located, may be reconstructed or structurally altered in order to render the same more convenient or commodious for the same purpose for which, at the date of passing of this By-law, such building or structure was lawfully used.

3.28.5 Restoration to a Safe Condition

The provisions of this By-law shall not apply to prevent the strengthening to a safe condition of any non-conforming building or structure or part thereof provided such strengthening generally does not increase the height, size, or volume, of such building or structure, and provided that such improvements meet the requirements of the Building Code Act, R.S.O. 1992, c.23 and its regulations.

Part I
Section 3 – General Provisions

3.29 Off-Street Parking Requirements

Parking spaces and areas are required under this By-law, in accordance with these provisions, and the owner of every building or structure erected or used for any purpose hereinafter set forth shall provide and maintain for the sole use of the owner, occupant or other persons entering upon or making use of the said premises, from time to time, parking spaces and areas accordingly.

Minimum Parking Space Requirement calculations for Non-Residential uses shall include parking spaces for use by staff:

long as the gross floor area as it existed at that date is not increased. If an addition is made then additional parking spaces shall be provided up to the number required for such addition in accordance with sub-section 3.29.3 of this By-law.

3.29.1 Parking Area Design Requirements

The following parking area design requirements shall apply to all required parking areas in all zones, except for a permanent single detached dwelling, semi-detached dwelling, duplex dwelling and street front townhouses, namely:

- a) the minimum width of a parking space shall be 3 metres and the minimum length shall be 6 metres except where the aisle width is at least 7 metres in which case the minimum width shall be 2.75 metres and the minimum length shall be 5.5 metres;
- b) that where a parking space has a parking angle of less than 30 degrees, such parking space shall be at least 7 metres in length where the aisle width is at least 4 metres;
- c) that where the parking angle is equal to or greater than 30 degrees but less than 50 degrees, the minimum aisle width shall be at least 4 metres;
- d) that where the parking angle is equal to or greater than 50 degrees but less than 70 degrees, the minimum aisle width shall be at least 5.5 metres; and
- e) that where the parking angle is equal to or greater than 70 degrees but less than or equal to 90 degrees, the minimum aisle width shall be at least 7.0 metres.

3.29.2 Accessible Parking

Accessible parking will be provided at the rate and design requirements prescribed by Ontario Regulation 191/11, as amended, made pursuant to the Accessibility for Ontarians with Disabilities Act, 2005, S.O. 2005, c. 11, as amended. Unless otherwise stipulated by Ontario Regulation 191/11, as amended, the length of special needs parking spaces shall be in accordance with Section 3.29.1 – Parking Area Design Area Requirements of the Township's Zoning By-law 2009-021, as amended.

Part I
Section 3 – General Provisions

3.29.3 Additions to or Change in Use of Buildings

The parking space requirements referred to herein shall not apply to any building or structure in existence at the date of passing of this By-law so long as the floor area, as it existed at such date, is not increased.

- a) If an addition is made to the building or structure which increases the floor area, then parking spaces for the addition shall be provided as required by the Parking Space Requirement Table.
- b) Where a change in use of the building or structure occurs, parking spaces shall be provided in accordance with the requirements of the Parking Space Requirement Table.
- c) Where any building, structure, use or activity is permitted or is legally in existence at the date of passing of this By-law and is subsequently changed in use or enlarged or extended in floor area, number of employees, number of dwelling units, seating capacity or otherwise which results in the reduction of the minimum required parking facilities and/or number of parking spaces and such number of parking spaces or part thereof cannot be provided in accordance with the minimum requirements, then such required parking spaces or part thereof shall be subject to a cash-in-lieu contribution towards municipal parking facilities, the cost of which shall be established by the Council of the municipality from time to time for the determined deficiency.

3.29.4 Parking Area Surface

Parking spaces, areas and driveways connecting the parking space or area with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust. Such parking spaces or areas shall, before being used, be constructed of crushed stone, gravel, asphalt, concrete or similar material and shall include provisions for drainage facilities.

3.29.5 Parking Area Location on Lot

Notwithstanding the yard and setback provisions of this By-law to the contrary, uncovered surface parking areas shall be permitted in the required yards or in the area between the street line and the required setback in accordance with the following provisions, namely:

- a) in all zones, except Residential, no driveway shall be permitted within

Part I
Section 3 – General Provisions

- 9 m of the boundary of a Residential Zone;
- b) in all zones, except Residential, no parking space shall be permitted within 3 m of the boundary of a Residential Zone;
 - c) within all Residential Zones, parking spaces and areas shall be permitted within a required front, interior side or rear yard provided that no part of any parking area, other than a driveway, is located closer than 2 m to any street line or within a daylight triangle;
 - d) within the Rural, Recreational Open Space, Development, Community Facility and all Commercial Zones, parking spaces and areas shall be permitted in all yards provided that no part of any parking area, other than a driveway is located closer than 2 m to any street line or 1.5 m of any lot line or within a daylight triangle;
 - e) within all Industrial Zones, parking spaces and areas shall be located in an interior side or rear yard only, except for visitor parking areas which may be located within a front or exterior side yard, provided that no part of any parking area other than a driveway, is located closer than 2 m to any street line or within a daylight triangle; and,
 - f) entrances and exits to parking spaces shall not pass through zones other than the zones requiring the parking spaces.

3.29.6 Use of Parking Spaces and Areas

Parking spaces and areas required in accordance with this By-law shall be used for the parking of operative, currently licensed vehicles only, and for vehicles used in operations incidental to the permitted uses in respect of which such parking spaces and areas are required or permitted.

- a) Notwithstanding the foregoing within any Residential Zone, the owner or occupant of a dwelling unit may use a parking space for the purposes of the parking or storage of one commercial motor vehicle, provided such motor vehicle does not exceed a rated capacity of one tonne.
- b) Notwithstanding the foregoing provisions, within the Agricultural (A) and Rural (RU) Zone, a maximum of 2 school buses which are operative and currently licensed may be parked or stored on any lot.

Part I
Section 3 – General Provisions

3.30 Open Storage

Open storage of goods or materials shall be permitted only if the goods are accessory to a use permitted in the zones and in accordance with other provisions of this By-law.

3.31 Outdoor Solid Fuel Burning Appliances

Outdoor solid fuel burning appliances shall comply with the Township's By-law to regulate outdoor solid fuel burning appliances.

3.32 Parking of Oversized Motor Vehicle

No person shall, in any Residential Zone, park or store, or permit to be parked or stored on any property, an oversized motor vehicle with a rated capacity greater than one tonne, unless:

- a) the oversized motor vehicle is being used to make a delivery or provide a service on the property it is parked; or,
- b) it is accessory to a permitted use, but not a home occupation, occurring on the property.

3.32.1 Storage and Parking of Recreational Vehicles, Recreational Trailers

Unless specifically permitted in this By-law, the accessory open storage of recreational vehicles and recreational trailers, or boats in any zone shall not be permitted except in accordance with the following provisions:

- a) A maximum of 1 recreational vehicle or recreational trailer or boat shall be permitted to be parked or stored on a residential lot, provided there is an existing residential dwelling located on the lot.
- b) The use of any of the above mentioned or similar vehicles shall not be used for human habitation, except in the Recreational Commercial (RC) Zone.

3.32.2 Storage and Parking Of Motor Vehicles And Tractor Trailer Trucks

No tractor-trailer trucks shall be parked overnight on a single occasion or continuous basis within any urban residential zone as established in this By-law. No land in the municipality shall be used for the parking of a motor vehicle, which is undergoing repairs unless:

- a) such repairs are affected within an enclosed building; or,
- b) such repairs are completely affected within a period of not more than 72

Part I
Section 3 – General Provisions

consecutive hours and while the vehicle is parked upon a driveway or rear yard as herein provided; or,

- c) such repairs are undertaken while the vehicle is parked in a location such that it is not visible from any adjacent lands, which are not occupied by the owner of the vehicle.

3.33 Pits and Quarries

The making or establishment of pits and quarries and wayside pits is prohibited except in the locations and in accordance with the express provisions of this By-law, and, no person shall use land or erect any building or structure for the purpose of processing, washing, sorting, screening or crushing rock, sand or gravel except as expressly provided for in this By-law.

3.34 Planned Width of Road

Notwithstanding any other provision contained in this By-law, no building or structure shall be hereafter erected in any zone closer than the sum of the front yard or exterior side yard requirement for such zone and the following where applicable.

- a) 15.5 m from the right of way centreline of Provincial Highways; and,
- b) 10 m from the right of way centre line of all other public roads in the municipality.

3.35 Planting Strip Regulations

Where the interior side or rear lot line in a Community Facility, Commercial or Industrial Zone abuts a Residential Zone, or where a Commercial or Industrial Zone abuts a Community Facility Zone, or where a Type B Home Industry abuts a Residential Zone, or where a Multiple Residential Zone abuts another Residential Zone of lower density, a planting strip adjoining such abutting lot line, or portion thereof, shall be provided on the lot within the Community Facility, Commercial or Industrial Zone with a minimum width of 3 m.

3.35.1 Contents

Where in this By-law a planting strip is required to be provided and maintained, such planting strip shall consist of a row of trees or a continuous unpierced hedgerow of evergreens or shrubs, not less than 1.5 m high at planting, immediately adjacent to the lot line or portion thereof along which such planting strip is required hereunder. The vegetation

Part I
Section 3 – General Provisions

shall be planted so as to ensure a minimum depth of 3 m for the planting strip. The remainder of the strip shall be used for no other purpose than the planting of shrubs, flower beds, grass or a combination thereof.

3.35.2 Landscaped Open Space Supplement

A planting strip referred to in this Subsection may form a part of any landscaped open space required by this By-law.

3.35.3 Maintenance

A planting strip shall be planted, nurtured and maintained by the owner or owners of the lot on which the strip is located. Any die-back shall be replaced by new vegetation to ensure continuance of an unbroken hedgerow.

3.36 Private Roads and Rights-of-Way

Nothing in this By-law shall apply to prevent the use of land for the purposes of a private road or private right-of-way.

3.37 Prohibited Uses

Notwithstanding anything contained herein, no land shall be used and no building or structure shall be erected, altered or used for any purpose which is noxious, and without limiting the generality of this subsection, for any purpose that creates or is likely to become a nuisance or offensive, or both:

- a) by the creation of noise or vibration in excess of the limits of the Environmental Protection Act, R.S.O. 1990, c. E.19;
- b) by reason of the emission of gas, fumes, smoke, dust or objectionable odour in excess of the limits of the Environmental Protection Act, R.S.O. 1990, c. E.19, except in the case of agricultural uses operating in compliance with reasonable agricultural practices;
- c) by reason of the storage of goods, wares, merchandise, salvage, refuse matter, motor vehicles, trailers, or parts of vehicles or trailers, tires, machinery or other such material; or,
- d) by any combination of those things described in Clauses 3.37 (a), 3.37 (b) and 3.37 (c) of this subsection.
- e) Except as otherwise specifically permitted in this By-law, the following uses

Part I
Section 3 – General Provisions

are prohibited in any zone:

- i) A track for the racing of motor vehicles, motorcycles, go-carts or motorized snow vehicles;
- ii) Refining coal oil or petroleum products;
- iii) Tanning hides or skins;
- iv) Manufacturing gas; and,
- v) Manufacturing glue; locating or storing on any land for any purpose whatsoever, any disused railroad car, truck, bus or coach body, whether or not the same is situated on a foundation.

In addition to the uses prohibited in Clause 3.37, any use is prohibited which by its nature or the materials used therein is declared under the Health Protection and Promotion Act, R.S.O. 1990, ch.7 to be a health hazard.

3.38 Prohibitions, Other

- a) Except as otherwise provided in this By-law, no building or structure shall be erected, altered, extended or enlarged except upon a lot nor shall any land be used for any permitted use unless it comprises a lot as defined herein; but this provision shall not prevent the use of any parcel or tract of land for agricultural purposes excluding the erection or enlargement of any building or structure except a fence.
- b) No person shall erect or use any building as a dwelling upon any lot on which a building already exists, or which is in the course of construction or for which a building permit has been issued.
- c) Notwithstanding anything contained in this By-law, no person shall use or occupy any building for residential purposes:
 - i) unless such building has been substantially completed and finished in all respects in accordance with the plans and specifications filed upon application for the building permit; or,
 - ii) unless such building is serviced with electricity, a pressure water supply system, and an appropriate sanitary sewage disposal system.
- d) Notwithstanding anything contained in the By-law, no person shall use any building, structure or land for any purpose that would have a negative impact on groundwater resources in the municipality. As part of the building permit, severance or rezoning process, the applicant may be required to obtain

Part I
Section 3 – General Provisions

Ministry of Environment approval for any use.

- e) No building permit shall be issued for any building or structure which requires a septic tank unless the building permit application is accompanied by approval in writing from the appropriate responsible authority for the proposed method of sewage disposal.

3.38.1 Derelict Vehicles and Equipment

No land in the municipality shall be used for the storage or parking of a derelict vehicle, unused and/or discarded farm implements and similar abandoned equipment.

3.39 Public Uses and Utilities

3.39.1 General

Except as provided for in Subsection 3.39.2 hereof, the provisions of this By-law shall not apply to prohibit the use of any lot or the erection or use of any building or structure for the purposes of public services provided by the Corporation of the Township of Selwyn, or any Public Authority including any department of the County of Peterborough or any Department or Ministry of the Government of Canada or Ontario, or any Conservation Authority established by the Government of Ontario, and, for the purposes of this Section shall include Hydro One or private utility; any telephone or telecommunication, cable television or telegraph company; and, any natural gas distribution system operated by a Company which possesses all the necessary powers, rights, licenses and franchises.

3.39.2 Location Restrictions

Notwithstanding the provisions of Subsection 3.39.3 hereof to the contrary, where any zone classification or classifications specifically authorize a particular use of land within such zone classification or classifications, then such use of land shall not be carried on in any other zone classification or classifications, regardless of whether such use is carried on by a public authority.

3.39.3 Provisions

Notwithstanding any other provisions to this By-law to the contrary where a public use is not restricted to a specific zone, no land, building or structure is to be used for the purposes of a public use unless the following provisions are complied with, namely:

Part I
Section 3 – General Provisions

- | | | |
|----|-----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| a) | Minimum Yard Requirements | |
| | i) Front Yard | 10 m |
| | ii) Exterior Side Yard | 10 m |

| | iv) Rear Yard | 10 m |
| b) | Maximum Lot Coverage - All Buildings and Structures | 50% |
| c) | Minimum Setback from Street Centreline | |
| | i) County Road | 23 m |
| | ii) Township Road | 20 m |
| d) | Maximum Height of Buildings | 10 m |
| e) | Minimum Landscaped Open Space | 30% |
| f) | Outside Storage | No goods, materials or equipment shall be stored outside the building or structure located on the lot except as may otherwise be permitted under this By-law. |
| g) | Maximum Height Exceptions | Section 3.39.3 d) of this By-law shall not restrict the development of structures that are required to be tall such as antennas, water towers and stand pipes. |
| h) | Other Provisions | No building or structure erected in accordance with the provisions of this Section shall be used for the purpose of an office or maintenance or works depot. |

3.39.4 Streets and Installations

Nothing in this By-law shall prevent land to be used as a street or prevent the installation of a watermain, sanitary sewer, storm sewer, gas main, pipeline or overhead or underground hydro or communication line, telecommunication facility or high voltage and extra high voltage electrical facilities owned, operated and maintained by Hydro One or private utility, provided the location of such main line or facility, as the case may be, has been approved by the Council of the Corporation of the Township of Selwyn. Notwithstanding the generality of the foregoing, this approval by the Council of the Corporation of the Township of Selwyn shall not be required for any public use which has received prior approval pursuant to the provisions of the Environmental Assessment Act, R.S.O., 1990, c. E.18.

Part I
Section 3 – General Provisions

3.40 Renewable Energy Systems

Renewable energy systems include facilities which are designed to produce electrical power from an energy source that is renewed by natural processes including, but not limited to wind, water, biomass resource or product, or solar and geothermal energy. These facilities may be used for domestic or commercial purposes.

Notwithstanding any other provision of this By-law, no building permit shall be issued for any renewable energy system or facility unless the building permit application is accompanied by approval in writing from the appropriate responsible authority for the proposed renewable energy facility, and provided that the application meets all requirements and provisions of the zone within which the facility is proposed.

a) Domestic Solar Collectors and Ground Source Heat Pumps

Solar collectors subordinate to a residential dwelling and designed specifically for the collection of solar energy for the purposes of converting such energy for heating, lighting, water production for domestic purposes, shall be permitted as *an accessory structure* within the Rural Residential (RR), Agricultural (A) or Rural (RU) zone, provided such facilities have been designed in accordance with all applicable federal and provincial legislation, regulations and licensing requirements.

Within Residential Type 1 (R1) and Residential Type 2 (R2) Zones only small systems, such as roof mounted solar collection panels compatible within urban environment shall be permitted.

Any solar panels attached to a building shall not exceed a height of 1.0 m above the highest point of the roof upon which it is located and all freestanding structures shall not exceed a height of 5 m.

Ground source heat pumps are permitted to be located within any zone in accordance with CSA Standard C448, as amended from time to time, governing the design and installation of earth energy systems, in accordance with the provisions and regulations applicable to that zone.

b) Domestic Wind Turbines

Wind Turbines which are accessory to a permitted use may only be permitted in the Rural (RU) or Agricultural (A) Zone and are subject to the following:

- i) Maximum height – 16.6 m

Part I
Section 3 – General Provisions

- ii) Minimum setback from any lot line – 20 m
 - iii) Shall be located in the rear yard.
- c) **Commercial Wind Turbines**
- Establishment of commercial wind turbines is regulated by the Province of Ontario, through the Environmental Assessment Act for Air Emissions (Noise and Vibration). Commercial wind turbines may be permitted to locate within the Agricultural (A), Rural (RU), Rural Industrial (M1) and General Industrial (M2) zones provided that the turbines have been designed in accordance with all applicable federal and provincial legislation, regulations, marketing and licensing requirements.
- Notwithstanding the foregoing, all commercial wind turbine developments shall be subject to Site Plan Control.
- d) **Commercial Solar Energy Farm**
- Establishment of commercial solar energy farms may be permitted to locate within the Rural (RU), Rural Industrial (M1) and General Industrial (M2) zones, provided that the solar panels installation has been designed in accordance with all applicable federal and provincial legislation, regulations, marketing and licensing requirements.
- Notwithstanding the foregoing, all commercial solar energy farm developments shall be subject to Site Plan Control.
- e) **Commercial Biomass Production Facility**
- A commercial processing facility operated for the purposes of converting biomass, such as wood, wood chips, corn stalks, paper, tree trimmings or other similar products into electrical energy may be permitted within any General Industrial (M2) zone, provided that the facility meets or exceeds all relevant provincial regulations, marketing, and licensing requirements.
- Notwithstanding the foregoing, all commercial biomass production facility developments shall be subject to Site Plan Control.
- f) **Waterpower Projects**
- Establishment of a water power project may be permitted within the Environmental Protection (EP) Zone, provided such facilities has been

Part I
Section 3 – General Provisions

designed in accordance with all applicable federal and provincial legislation, regulations and licensing requirements. Approval requirements for proposed projects will depend on the location, features and operations of the waterpower facility. Waterpower development generally involves Crown land under the administration and control of the Ministry of Natural Resources. The disposition and development of potential waterpower sites is governed by the Lakes and Rivers Improvement Act and the Public Lands Act. Various other statutes and regulations administered by provincial and federal agencies also govern waterpower development such as the Environmental Assessment Act, the federal Navigable Waters Act, the federal Dominion Water Power Act and the federal Fisheries Act.

3.41 Second Units

Notwithstanding any other provision of this By-law to the contrary, a second unit shall be permitted within a single detached dwelling, a semi-detached dwelling, a townhouse dwelling or within an accessory structure to these housing types in the permitted zones.

The following provisions shall apply to regulate and govern such use:

- a) Only one second unit per single detached, semi-detached, or townhome dwelling is permitted.
- b) Where a second unit is permitted on a lot, neither a garden suite, any rooming units such as a bed and breakfast nor a group home are permitted on that lot.
- c) The second unit may be contained within the principal residential dwelling or in a building accessory to the residential dwelling, but not in both.
- d) The second unit is clearly subordinate to the principal residential dwelling unit; and shall not be greater in area than the principal dwelling unit.
- e) If the second unit is located within the principal dwelling, the exterior appearance of the dwelling is unaltered to accommodate the second unit.
- f) One (1) off-street parking space shall be provided for a second unit, in addition to any parking space required by this by-law for the other residential unit(s). The off-street parking associated with the dwelling unit(s) may be stacked provided that the number of spaces so arranged does not exceed two (2).
- g) That second units which are located in accessory buildings which are detached from the principal dwelling shall comply with the following:

Part I
Section 3 – General Provisions

- i) be located no further than 30 metres from the principal dwelling;
 - ii) shall not be situated in the front or exterior side yard;
 - iii) if the second unit is situated in an accessory structure, the second unit shall not exceed the height of the principal structure;
 - iv) if the second unit is situated in an accessory structure within the Residential Type One (R1) Zone or the Residential Type Two (R2) Zone, the second unit shall be limited to one (1) storey;
 - v) if the second unit is situated above a detached garage within the Agricultural (A), Rural (RU) or Rural Residential (RR) Zones, the entire structure shall be limited to 2 storeys or 8 metres in height;
 - vi) if the second unit is located within the Residential Type One (R1), Residential Type Two (R2) or Rural Residential (RR) Zone category, the second unit shall not be greater than 40% of the footprint area of the principal dwelling unit;
 - vii) if the second unit is located within the Agricultural (A), or Rural (RU) Zone category, the second unit shall not be greater than 60% of the footprint area of the principal dwelling unit.
 - viii) shall comply with the residential zone regulations of the respective zone;
 - ix) shall not be in the form of a mobile home;
 - x) shall not have a basement;
 - xi) if located in a serviced area is to be connected to the municipal water and sewer services through the existing dwelling; and
 - xii) shall not be permitted in the Lakeshore Residential (LR) Zone.
- h) That private amenity space to be situated outdoors, which is a minimum of 7.5 square metres with a dimension being no less than 1.5 metres be provided. Such space may be provided in the form of a balcony, deck or patio.
- i) That the second unit complies with the requirements of the Ontario Building Code and Fire Code.
- j) That the second unit shall be registered with the Township of Selwyn in accordance with the normal requirements of the Township;
- k) Notwithstanding the above, second units shall not be permitted:
- i) Within a dwelling that is located in an Environmental Protection (EP) Zone or in a floodplain;

Part I
Section 3 – General Provisions

- ii) Within a dwelling that is permitted accessory to a permitted non-residential use;
- iii) On a lot containing a garden suite or a sleeping cabin;
- iv) On properties without frontage on a municipally maintained road; or
- v) Within a building that is accessory to i) or ii) above.

3.42 Truck, Bus and Coach Bodies

No truck, bus, coach or streetcar body, or structure of any kind, other than a dwelling unit erected and used in accordance with this By-law, the Building Code Act, R.S.O. 1992, c.23, as amended, and the Regulations passed thereunder; and, all other By-laws of the Corporation, shall be used for human habitation or storage of goods and materials within any area affected by this By-law whether or not the same is mounted on wheels.

3.43 Signs

The provisions of this By-law shall not apply to prevent the erection, alteration or use of any sign provided such sign complies with the By-laws of the Corporation regulating signs.

3.44 Source Water Protection Overlay Zone

Source water protection planning is the first line of defense in a multi-barrier approach that seeks to prevent the contamination or overuse of surface water and groundwater sources of municipal drinking water. This is achieved by evaluating threats to municipal drinking water sources and establishing policies and regulations to prevent, manage, or eliminate threats. The Township of Selwyn is located within the Trent Coalition Source Protection Region and is subject to the policies of the Trent Source Protection Plan.

The purpose of the Source Water Protection Overlay Zone is to prevent the inadvertent approval of Planning Act Applications and/or the issuance of building permits that may result in the establishment of uses that are significant drinking water threats.

Development applications (i.e. Planning Act applications, building permit applications) for development within the Source Water Protection Overlay Zone shall be accompanied by a Notice under Section 59(2) of the Clean Water Act, 2006, as amended.

Existing land uses and/or an expansion of existing land uses which pose a significant drinking water threat activity should be managed pursuant to the Trent Source Protection Plan. Persons undertaking those land use activities that are, or may be, significant drinking water threats may be required to develop Risk Management Plan(s).

Part I
Section 3 – General Provisions

Notwithstanding the permitted uses and zone provisions of any underlying zones, the following land use activities shall be prohibited in the Source Water Protection Overlay Zone where they would constitute a future significant drinking water threat unless otherwise stated in the Trent Source Protection Plan:

- a) The application, storage or management of agricultural source material;
- b) The application, handling or storage of non-agricultural source material;
- c) The application, handling or storage of commercial fertilizer;
- d) The application, handling or storage of pesticide;
- e) The handling or storage of road salt;
- f) The storage of snow;
- g) The handling or storage of fuel;
- h) The handling or storage of a dense non aqueous phase liquid;
- i) The handling or storage of an organic solvent; or
- j) The use of land as livestock grazing or pasturing lands, an outdoor confinement area of a farm-animal yard.

3.45 Temporary Uses

Nothing in this By-law shall prevent the use of any land, or the erection or use of any building or structure for a construction camp, work camp, tool shed, scaffold, or other building or structure including a temporary sales or rental office, which is incidental to and necessary for construction work of the premises, but only for so long as such use, building or structure is necessary for such construction work which has not been finished or abandoned. "Abandoned" in this Section shall mean the failure to proceed expeditiously with the construction of a work authorized by a building permit.

3.46 Through Lots

Where a lot, which is not a corner lot, has lot frontage on more than one street or is bounded on more than one side by a street, private right-of-way or watercourse or waterbody, the setback and front yard requirements contained herein shall apply on each street or adjacent the private right-of-way or watercourse or waterbody, as the case may be, in accordance with the provisions of the zone or zones in which such lot is located.

Part I
Section 3 – General Provisions

3.47 Wayside Pits and Quarries

Wayside pits and quarries, temporary asphalt batching plants and potable concrete plants used by a public road authority or their agent or contractor shall be permitted throughout the Township without amendment to the Zoning By-law provided that the wayside pit, wayside quarry, temporary asphalt batching plant and/or potable concrete plant is not proposed to be located in an areas of existing development or particular environmental sensitivity which has been determined to be incompatible with extraction and associated activities.

3.48 Regulations for Cannabis Cultivation – Indoor and Processing Facilities

Cannabis cultivation – indoor and cannabis processing facilities are required to be setback a minimum of 150 metres from a lot that is the site of:

- a) An arena;
- b) A community centre;
- c) A day nursery;
- d) A dwelling unit;
- e) A long term care facility;
- f) A park, public;
- g) A park, private;
- h) A place of worship;
- i) A retirement home;
- j) A school, public;
- k) A school, private; and,
- l) A trade and convention centre.

3.49 Boarding, Lodging and Rooming Houses

Notwithstanding any other provision of this By-law to the contrary, a boarding, lodging or rooming house shall be permitted within a single detached dwelling, a semi-detached dwelling, or a townhouse dwelling in the permitted zones. The following provisions shall apply to regulate and govern such use:

- a) The maximum number of bedrooms in a boarding, lodging or rooming house shall be six (6).

Part I
Section 3 – General Provisions

- b) The maximum number of people accommodated within any boarding, lodging or rooming house shall not exceed six (6).
- c) No cooking facilities shall be permitted in any bedroom or room other than a kitchen of a boarding, lodging or rooming house.
- d) A minimum amenity area shall be located exterior to the building in the rear yard and shall not be less than a total of 100 square metres for each boarding, lodging or rooming house.
- e) That the boarding, lodging or rooming house complies with the requirements of the Ontario Building Code, Fire Code, and the Residential Tenancies Act.
- f) That the boarding, lodging or rooming house shall be registered with the Township of Selwyn in accordance with the normal requirements of the Township.
- g) That the sole use of the building shall be as a boarding, lodging or rooming house.
- h) A second unit is not permitted on a lot that is used for a boarding, lodging or rooming house.

3.50 Lot Additions

Where additional land is added to an existing lot (such as through the closure of a shore road allowance or lot addition consent):

- a) unless otherwise stipulated through amendment to this By-law, the zone of the existing benefitting lot shall apply to the additional land;
- b) the new lot configuration may be deemed to comply with this By-law in accordance with Section 3.27.2 (Existing undersized lots), if necessary;
- c) unless otherwise stipulated through amendment to this By-law, any existing buildings or structures on the new lot configuration of the benefitting lands for the lot addition shall be deemed to be existing non-complying in accordance with Section 3.27.1; and
- d) clause b) and c) may be applied, with modifications, to the retained parcel from a lot addition consent.
- e) Notwithstanding clause a) to d) above, Council may require a zoning by-law amendment be obtained by the landowner for a lot addition consent.

Part I
Section 3 – General Provisions

3.51 Refreshment Vehicles

Refreshment Vehicles shall be located and operated in accordance the Township's Refreshment Vehicle Licencing By-law.

Part II - Section 4

Zones and Zone Regulations

Part II
Section 4 – Zone and Zone Regulations

4.0 Zones and Zone Regulations

4.2 Zone Symbols and Regulations

The zone symbols may be used to refer to buildings or structures and to the uses of lots, buildings and structures permitted by this By-law in the said zones.

Wherever in this By-law the word “zone” is used, preceded by any of the said zone symbols, such reference shall mean any part of the zoned area delineated on Schedule “A”- Maps 1, 2, 3, 4 and 5 and designated thereon by the said symbol.

For each zone established by this By-law, a separate section of this By-law sets out the “Permitted Uses” and “Zone Regulations” respectively.

Part II
Section 4 – Zone and Zone Regulations

Except as otherwise specifically provided hereon, the specific zone requirements set out for each zone shall apply to such zone in addition to the general provisions set out in Section 3.

4.3 Holding Zones

Where any zone symbol as shown on the attached schedules is followed by the symbol 'h', this signifies that no person shall use any land, erect, alter, enlarge, use or maintain any building or structure until such time as the holding symbol has been removed by the municipality in accordance with the provisions of the Planning Act. Upon removal of the holding symbol the permitted use of the subject property and the erection of any buildings or structures thereon shall be undertaken in accordance with the provisions of the underlying zoning category.

All special provisions of Section 4 "Zones and Zone Regulations" shall apply, where applicable to any land, lot, building, structure, or use within zones subject to the aforementioned "Holding" criteria.

4.4 Temporary Use Zones

In accordance with Section 39 of the Planning Act, Council may, in a By-law passed under Section 34, authorize for a specified period of time, the temporary use of land, buildings or structures for any purpose set-out therein that is otherwise prohibited by this By-law.

4.5 Multiple Uses, Multiple Zones and Compound Zones

Except in a commercial or industrial zone, not more than one permitted use shall be allowed on a lot unless specifically permitted in this By-law. This section shall not prohibit the establishment of a home occupation or home industry in conjunction with a dwelling where such use is permitted.

4.5.1 Multiple Uses

- a) Where a lot contains more than one permitted use defined separately herein, other than an accessory use, each such use shall conform to the provisions of the By-law, which are applicable to such use in the zone in which the said lot is located as if the use existed independently of any other use.
- b) Where the zone requirements pertaining to two or more uses on one lot are in conflict, the highest or more restrictive requirements shall prevail.
- c) Notwithstanding anything contained in this By-law, where any land or building is used for more than one purpose, all provisions of this By-law relating to

Part II
Section 4 – Zone and Zone Regulations

each use shall be complied with, provided that no dwelling shall be located closer than 3 m to any other building on the lot except a building accessory to such dwelling. A dwelling or dwelling unit as an accessory use will be allowed where permitted by this By-law in accordance with Section 3.1.

4.5.2 Multiple Zones

- a) Where a lot is divided into two or more zones, each such portion of the said lot shall be considered a separate lot as defined herein and shall be used in accordance with the provisions of this By-law, which are applicable to the zone in which such portion of the said lot is located.
- b) Where a portion of a lot is designated the Environmental Protection (EP) Zone, those lands may be used in calculating minimum lot area and minimum lot frontage requirements.
- c) Notwithstanding anything to the contrary in Subsection 4.5.2(a), where a use or uses are permitted by the zones applying to two or more portions of the lot, those portions shall be considered to constitute a single lot as defined herein and the highest or restrictive zone requirements pertaining to such use or uses in all the applicable zones shall apply throughout.

4.6 Zone Boundaries

4.6.1 Zone Boundary Uncertain

The extent and boundaries of all zones and restricted areas are set out on Map 1, Map 2, Map 3, Map 4 and/or Map 5 comprising Schedule “A” hereto and shall be interpreted in accordance with the following.

- a) Boundaries of zones and restricted areas shall be construed, wherever possible, to be concurrent with the centreline of a street, right-of-way, railway right-of-way, transmission line, pipeline corridor, or watercourse, or with lot lines (other than street lines), or boundaries of registered plans.
- b) In the event that an unopened road allowance forms the boundary between two or more different zones, the boundary of such zones shall be construed as being the centreline of the road allowance.
- c) Where the boundary line of a zone does not correspond to a property line, to the centreline of a street, highway line, right-of-way or watercourse, the location of said boundary line shall be scaled from the scale shown on the

Part II

Section 4 – Zone and Zone Regulations

attached schedules.

- d) Where the boundary of any zone is uncertain and notwithstanding the provisions of this subsection, the dimensions contained in any amending By-law shall apply.

4.6.2 Minimum Lot Area

The minimum lot area shall be as contained in the appropriate section of this By-law for the zone in which the lot is located or such larger area as may be required by the appropriate authority pursuant to the provisions of the Health Promotion and Protection Act, and except as may be specifically permitted under Section 3.27.2 of this By-law.
