

# November 2024

Canadians buy over 10 million pumpkins a year and most of them are tossed out. Good news is that they're completely compostable and edible! You can even donate pumpkins to local farms to feed animals! Learn more [here](#).

## Fall Leaf & Yard Waste Collection

For residents outside of the collection area, leaf and yard waste can be dropped off at the Smith Landfill during the curbside collection time frame.

You can also reuse your yard waste! Leaves and tree trimmings can be used as mulch in gardens and for landscaping, or be added to a backyard composter.
